RESORT WEAR

Sizing varies between our items, so we recommend using these tools to better determine your ideal size:

As a note, measurements are taken in cms and while the garment is lying flat, so some measurements (i.e. waist, chest, etc.) will need to be doubled to determine their circumference.

We recommend comparing these measurements to a similar item that you already own.

Additional style and fit details are included in the Details and Descriptions sections on each product page.

If you need more help, our team can answer all your questions on sizing and fit - send us a note at hello@lucyfolk.com and include your typical size and measurements and we'll provide individualized advice.
